ELITE TERMS AND DEFINITIONS

Elite Member

Elite Members purchase a Membership Kit and receive benefits for one year. There are two levels of Membership, Preferred Customer and Advanced Member.

Preferred Customer

Preferred Customers purchase products at wholesale prices and are part of their enrollers' organization. They earn commissions on up to 30 Members on the first two levels below them. Preferred Customers do not need to personally develop a network of Elite Members in order to receive commissions.

Advanced Member

Advanced Members enroll by purchasing an Advanced Membership Kit or a Success Pack (includes FREE Membership and kit) and completing the Advanced Membership Application. Advanced Members purchase products at wholesale prices and are able to develop a network of Elite Members. Advanced Members earn commissions on all Elite Members in their entire organization according to their qualified level.

Enroller

The enroller must be an Advanced Member and is the person who enrolls someone in Goldshield Elite.

Sponsor

The sponsor is the Elite Member you are placed under. Each Member is allowed to sponsor a maximum of five 1st level Elite Members.

Commissions

These amounts are paid monthly and are comprised of your Organizational Commissions, along with all other commissions you qualify for during the month.

QV (Qualifying Value)

The QV (Qualifying Value) of each product as it relates to commissions and the qualifications therein.

RV (Reward Value)

This is the amount used to calculate commissions.

Organizational QV

The QV created by you, all of the Elite Members in your organization, and your retail customers.

Organizational Commissions

The amount you earn from the RV created by all of the Elite Members in your organization. Each Elite Member may contribute a maximum of 200 RV per month toward your Organizational Commissions.

Qualified

You are considered "qualified" if you meet all of the requirements at any given level.

Inactive

An Elite Member who does not renew his/her Membership.

Roll Out

Members who do not order a minimum of 30 QV for two consecutive months will forfeit their organizations and position in the Commissions Plan. Roll Out Members may still purchase at wholesale prices. They can choose to build a new organization and earn commissions the next month qualifications are met.

Suggested Retail

The amount at which Elite recommends you resell products to retail customers. This price represents approximately a 30% mark-up profit.

REPEAT ORDER PROGRAMS

Elite Members choose from two types of repeat order programs, Auto Ship or Insured Product Order.

Auto Ship

In order to receive commissions, Elite Members must commit to purchase products that total a minimum of 30 QV each month. An Auto Ship order makes qualifying easy because at the same time each month your product is shipped to you. You never have to worry about qualifying for commissions, running out of product or placing an order. Also, these orders qualify you for additional EFPP's (Elite Free Product Points), offer discounted shipping, and orders over 100 QV qualify you for an additional free product with your order.

Insured Product Order

The Insured Product Order is perfect for those Elite Members who wish to place orders rather than arranging an Auto Ship order. The Insured Product (IP) Order guarantees that you meet your monthly QV and receive commissions. Simply choose products to meet 30, 75, or 100 QV depending on the level you wish to qualify at and we will keep your order on file. If by the 25th of the month, Elite finds that you have not met the QV level established on your IP Order, we will automatically process and ship this order to you. For example: Your IP is established at 75 QV and you have placed orders totalling only 74 QV. On the 26th, your entire 75 QV IP order will be shipped to ensure your qualification is met.

TO ENROLL AS AN ADVANCED MEMBER, YOU MUST PURCHASE AN ADVANCED MEMBERSHIP KIT OR A SUCCESS PACK.
